Canning and Everett.

In his speech at Plymouth in 1823, Mr. Canning introduced the following

"Our present repose is no more a sing on their shadows in perfect still-The speech was not that of a poli- ness-how soon upon any call of patician, or of an ambitious orator, but triotism or of necessity, it would aswas rich with the eloquence, the logic sume the likeness of an amimated

Everett says of Webster:

"As I saw him in the evening (if I may borrow an illustration from his favorite amusement, ) he was as unconcerned and as free of spirit, as some here have often seen, while floating in his fishing boat along a hazy shore, dropping his line here and there, with the varying fortune of the sport. The next morning he was like some mighty admiral, dark and terrible, casting the long shadow of his frowning tiers far over the sea that seemed to sink be neath him, his broad pendant stream ing at the main, stars and stripes at the at the fore, the mizzen and the peak and bearing down like a tempest upon his antagonist with all his canvass strained to the wind, and all his thunders roaring from his broad sides."

17 In the communication pub executive seems to be ever thrusting said to be from the pen of Judge in their face.
